How many people of those served actually had items expunged?

The reported Outcomes (thru May 2020) were

- 1,266 instances of service
- 240 clients served

For additional information on the Expungement Clinic, please contact Tiffanie Synnott with the County's Public Defender's office at: SynnottT@saccounty.net

Please clarify whether the state has changed the scope of activities that can be funded through HHAP 2, and if so, what is different?

At this time, the State has not released the Program Guidance for HHAP 2, however per the enabling statute, we anticipate that the scope of activities will remain very similar to HHAP 1.

Question on the FHP, do we know if all of those clients enrolled are still housed, or has there been any recidivism?

The Sacramento County Department of Human Assistance is currently working on gathering this information. We will update the information as soon as it is available. For more information on the FHP program in general, please contact Neil Kurtz at kurtzn@saccounty.net.

From Stephanie Cotter to Everyone: 09:18 AM

How are people referred into the shelters and HHAP programs? Is it from Coordinated Entry?

Currently there is not coordinated entry access into shelters. Each shelter has their own referral system. For more information on access to City shelters, please contact Cheyenne Caraway at ccaraway@shra.org, or for information on the City Youth sheltering projects, contact Andrew Geurkink at ageurkink@cityofsacramento.org. For more information on access to County shelters, please contact Susan Lal at lals@saccounty.net.

Is the plan for those infrastructure dollars near or far from completion?

The HHAP round 1 funds that are set aside for infrastructure development/HMIS, will help support expanding HMIS infrastructure in the first year and providing HMIS support to HHAP subrecipients through 2025.
