Wednesday, October 20
5:30-6:30 p.m. PT

The legendary Dr. Angela Davis will join CalEndow Live October 20 to discuss why building stronger communities is essential to the struggle for racial, economic and gender justice.

An outspoken voice for dismantling the prison industrial complex, Dr. Davis draws on her own experiences as one of the FBI's "Ten Most Wanted" in advocating for criminal justice reform.

In this hour-long virtual conversation, Dr. Davis will share stories from a lifetime of activism and describe why she believes building People Power is needed to shift resources away from prisons and toward education and other systems that promote safety and health.

Closed captions in English and simultaneous interpretation in Spanish will be available. If you have questions, please reach out to registration@girlfridayevents.com.

Sacramento Steps Forward Racial Equity Action Plan

Racial Equity Committee Meeting
10/20/21

Racial Disparities in Sacramento County

Due to longstanding structural inequalities, people of color disproportionately experience homelessness at higher rates

Black/African Americans

3 times more likely to experience homelessness

American Indian and Alaskan Natives

4 times more likely to experience homelessness

The Inaugural Racial Equity Committee

Established in November 2020

Formed to understand the causes, magnitude, and potential solutions of race as a predictor for homelessness in Sacramento.

20 member committee

Made up of Black, Indigenous, and People of Color (BIPOC), many with lived experience of homelessness.

Vision and Mission

Develop an action plan to inform the decision-making process of the CoC for the next 3 - 5 years with the input from BIPOC with lived experience, stakeholders, research, pilot studies, local systems evaluations, and other communities "to create an equitable, accountable, and transparent homelessness system that catalyzes structural change both inside and outside of our current sphere of influence."

The path to the action plan

Accomplishments

- Finalized a purpose statement and work plan
- Conducted three racial equity trainings with follow up conversations
- Held interviews and listening sessions with 14 BIPOC with lived experience
- Held two stakeholder forums
- Provided feedback on street outreach standards under development
- Developed a draft racial equity action plan

**Unanimously adopted by the
CoC Board on August 11, 2021**

Next Steps

Develop implementation strategies and pathways for collaboration to implement the recommendations identified in the action plan

Racial Equity Committee (REQC)

Secure Funding

Staff the REQC, supporting the members with committee logistics as well as meeting the liaison, training, and advocacy needs of the committee with other organizations in the community.

Make the REQC a standing committee

To provide support for implementation of the action plan and the racial equity work of the other committees.

Incorporate REQ goals in all committees

Have the REQC advise on the development and implementation of annual work plans, racial equity goals and tools.

How we get there

Approach Corporate Contacts for Funding

Ease of Implementation: 2

Responsible Committees: Board, Executive, + REQC

Activities: Coordinate funding efforts with larger committees such as the board and exec committee. Ensure prioritization of projects with explicit REQ goals.

Expand the term of the REQC as a standing committee of the CoC Board

Ease of Implementation: 1

Responsible Committees: REQC + Governance

Activities: Recruit and approve new members

Incorporate racial equity goals and tools into each of the CoC Board's committees annual work plans. Have the REQC advise on the development and implementation of these goals and tools.

Ease of Implementation: 2

Responsible Committee: REQC + Governance

Activities:

Become acquainted with the work plans of the other committees

Annually train all staff on race equity and inclusion.

Hold ongoing opportunities (i.e. brown bag lunches, conference presentations, internal race-based caucusing) to discuss racial equity and how to achieve progress. Invite all levels of staff, administration, consumers, board members, CoC boards, and partners.

Create an annual anonymous survey to collect from staff and clients about your services and system with regard to race, ethnicity, and equity.

Review organizational policies and practices to ensure they promote equity, dignity, and rights of people facing homelessness.

Explore opportunities to remove “color-blind” approaches to service delivery.

Write a Statement of Racial Equity Principles that the CoC will adopt to guide its work.

Data with an Equity Lens

- To include a clearer picture of the BIPOC homelessness experience
- To make data on racial equity more meaningful
- To incorporate more BIPOC voices

A clearer picture of the BIPOC homelessness experience

Explore intersectionality data to understand multiplier effects of demographics outside of race and targeted universalism solutions

Ease of Implementation: 1

Responsible Committee: Data Team + HDC

Activities: Collect additional data such as zip codes, eviction rates, housing affordability

Utilize tools such as HUD's Stella P

Collect, analyze, and report qualitative data when exploring issues related to equity.

Ease of Implementation: 2

Responsible Committees: Data Team + REQC + HDC

Activities: Seek input from REQC on how and what qualitative data to collect. REQC to receive input from BIPOC with lived experience.

Conduct consumer satisfaction surveys and segment these surveys around prevention, shelter, Rapid Re-housing, and Permanent Supportive Housing

Make Data More Meaningful

Disaggregate data on race/ethnicity identity as much as possible when presented.

Ease of Implementation: 1

Responsible Committee: Data Team + HDC

Activities: Inform the CoC and local community about disparities through the use of publicly available and regularly updated dashboards and visualizations

Provide contextual information prepared with REQC input when presenting quantitative data.

Ease of Implementation: 1

Responsible Committees: Data Team + REQC +HDC

Activities: Analyze other characteristics of disproportionately represented groups, e.g. income, disabilities, history of homelessness.

Consider how public systems such as corrections, foster care, health care, or the military may affect disparities.

Develop and provide input to HUD on mandated race and ethnicity data process. Explore opportunity to collaborate with other CoCs.

Ease of Implementation: 1

Responsible Committee: Data Team + REQC + HDC

Activities: Identify which other systems interact with the homelessness system. Start a committee with those community partners to address cross-system disparities.

Incorporate more BIPOC Voices

Discuss racial equity data initiatives with the REQC and other racial equity advocates to get input on key aspects such as data definitions, data collection, analysis, and findings.

Ease of Implementation: 1

Responsible Committees: Data Team, REQC, HDC, YAB, + Advocates

Activities: Engage with other minority-serving organizations to exchange ideas about outreach and assessment efforts that improve equitable outcomes.

Work with the REQC to identify racial equity key performance measures.

Ease of Implementation: 1

Responsible Committees: Data Team + REQC + HDC

Activities: Convene a group of staff members, program residents, and community stakeholders to review policies and procedures for any barriers that might cause a racial group to avoid or be barred from housing and other services

Utilize existing tools as guides such as: HUD's Stella P Race and Ethnicity Analysis + CoC Race and Ethnicity Tool + CSH's Racial Disparities + Disproportionality Index

Training and Education/ Normalizing Conversations

Provide ongoing training and educational opportunities that are free and open to the entire community.

Ease of Implementation: 1

Responsible Committees: REQC, Volunteer Network, YAB, + Advocates

Activities: Training needs assessment + development; logistical and implementation planning

Adapt the national Culturally and Linguistically Appropriate Services (CLAS) Standards to provide guidance to the homelessness sector, and provide training on how to implement the standards.

Ease of Implementation: 2

Responsible Committees: REQC, Volunteer Network, + Advocates

Activities: Have an REQ specialist work with REQC Team.

Draw on local and national expertise to provide this education, uplifting the experience and voice of BIPOC with lived experience of homelessness in the process.

Ease of Implementation: 2

Responsible Committees: REQC, Volunteer Network, YAB, + Advocates

Activities: Create paid opportunities for BIPOC with lived experience to provide input on policies, procedures, and service delivery.

Staff and Leadership Diversity

Among Sacramento's homelessness service providers, encourage social equity -- intentionally hiring management level individuals with lived experience.

Ease of Implementation: 2

Responsible Committees: REQC

Activities: Interview providers to understand interest and challenges

Develop campaign with supporting resources

When recruiting for the CoC Board and committees, replicate the process of recruitment for the REQC, intentionally seeking overrepresentation of BIPOC, especially those with lived experience.

Ease of Implementation: 1

Responsible Committee: CoC Board, Governance + all Committee Chairs

Activities: Create peer mentorship structures throughout the Board amongst consumer and nonconsumer members

Provide ongoing training and education for consumer Board members to encourage more participation on topics such as agency structure, finance and budgets, group-facilitation and other decision-making processes.

Work towards creating opportunities for advancement from "peer" positions to permanent

Explicitly offer stipends for participation for board and committee members with lived experience.

Ease of Implementation: 1

Responsible Committees: Board, Governance, + Executive

Activities: Include compensation for those with lived experience when completing funding applications

Assessment + Prioritization

- To address/prevent potential issues with the VI-SPDAT tool
- To better support individuals experiencing homelessness
- To address/prevent potential assessment administrator bias

To address/prevent potential issues with the VI-SPDAT tool

Involve the REQ Committee in any planned changes to the Coordinated Entry assessment process before implementation.

Explore alternative tools and methodologies for potential future use.

In order to better support individuals experiencing homelessness

Continue to improve the Coordinated Entry process, so that people do not wait for long periods of time after data is gathered from VI-SPDAT.

In order to address/prevent potential assessment administrator bias

Educate those who conduct needs assessments about racial disparities in housing and homelessness. Advocate for racial equity training for anyone who administers an assessment.

Collect race/ethnicity data about those who provide assessments to understand to what degree administrators represent population they serve.

Language Access

Vital Documents: VI-SPDAT Risk Assessment, Consent Form and Additional Documents (e.g., third party verification, self-certification, disability certification, program information, practices and policies)

Translate all necessary information and documentation into multiple languages

Train service providers on navigating access to translated forms and delivering assessments

Ensure that all newly implemented tools and documents are offered in multiple languages

Language Access

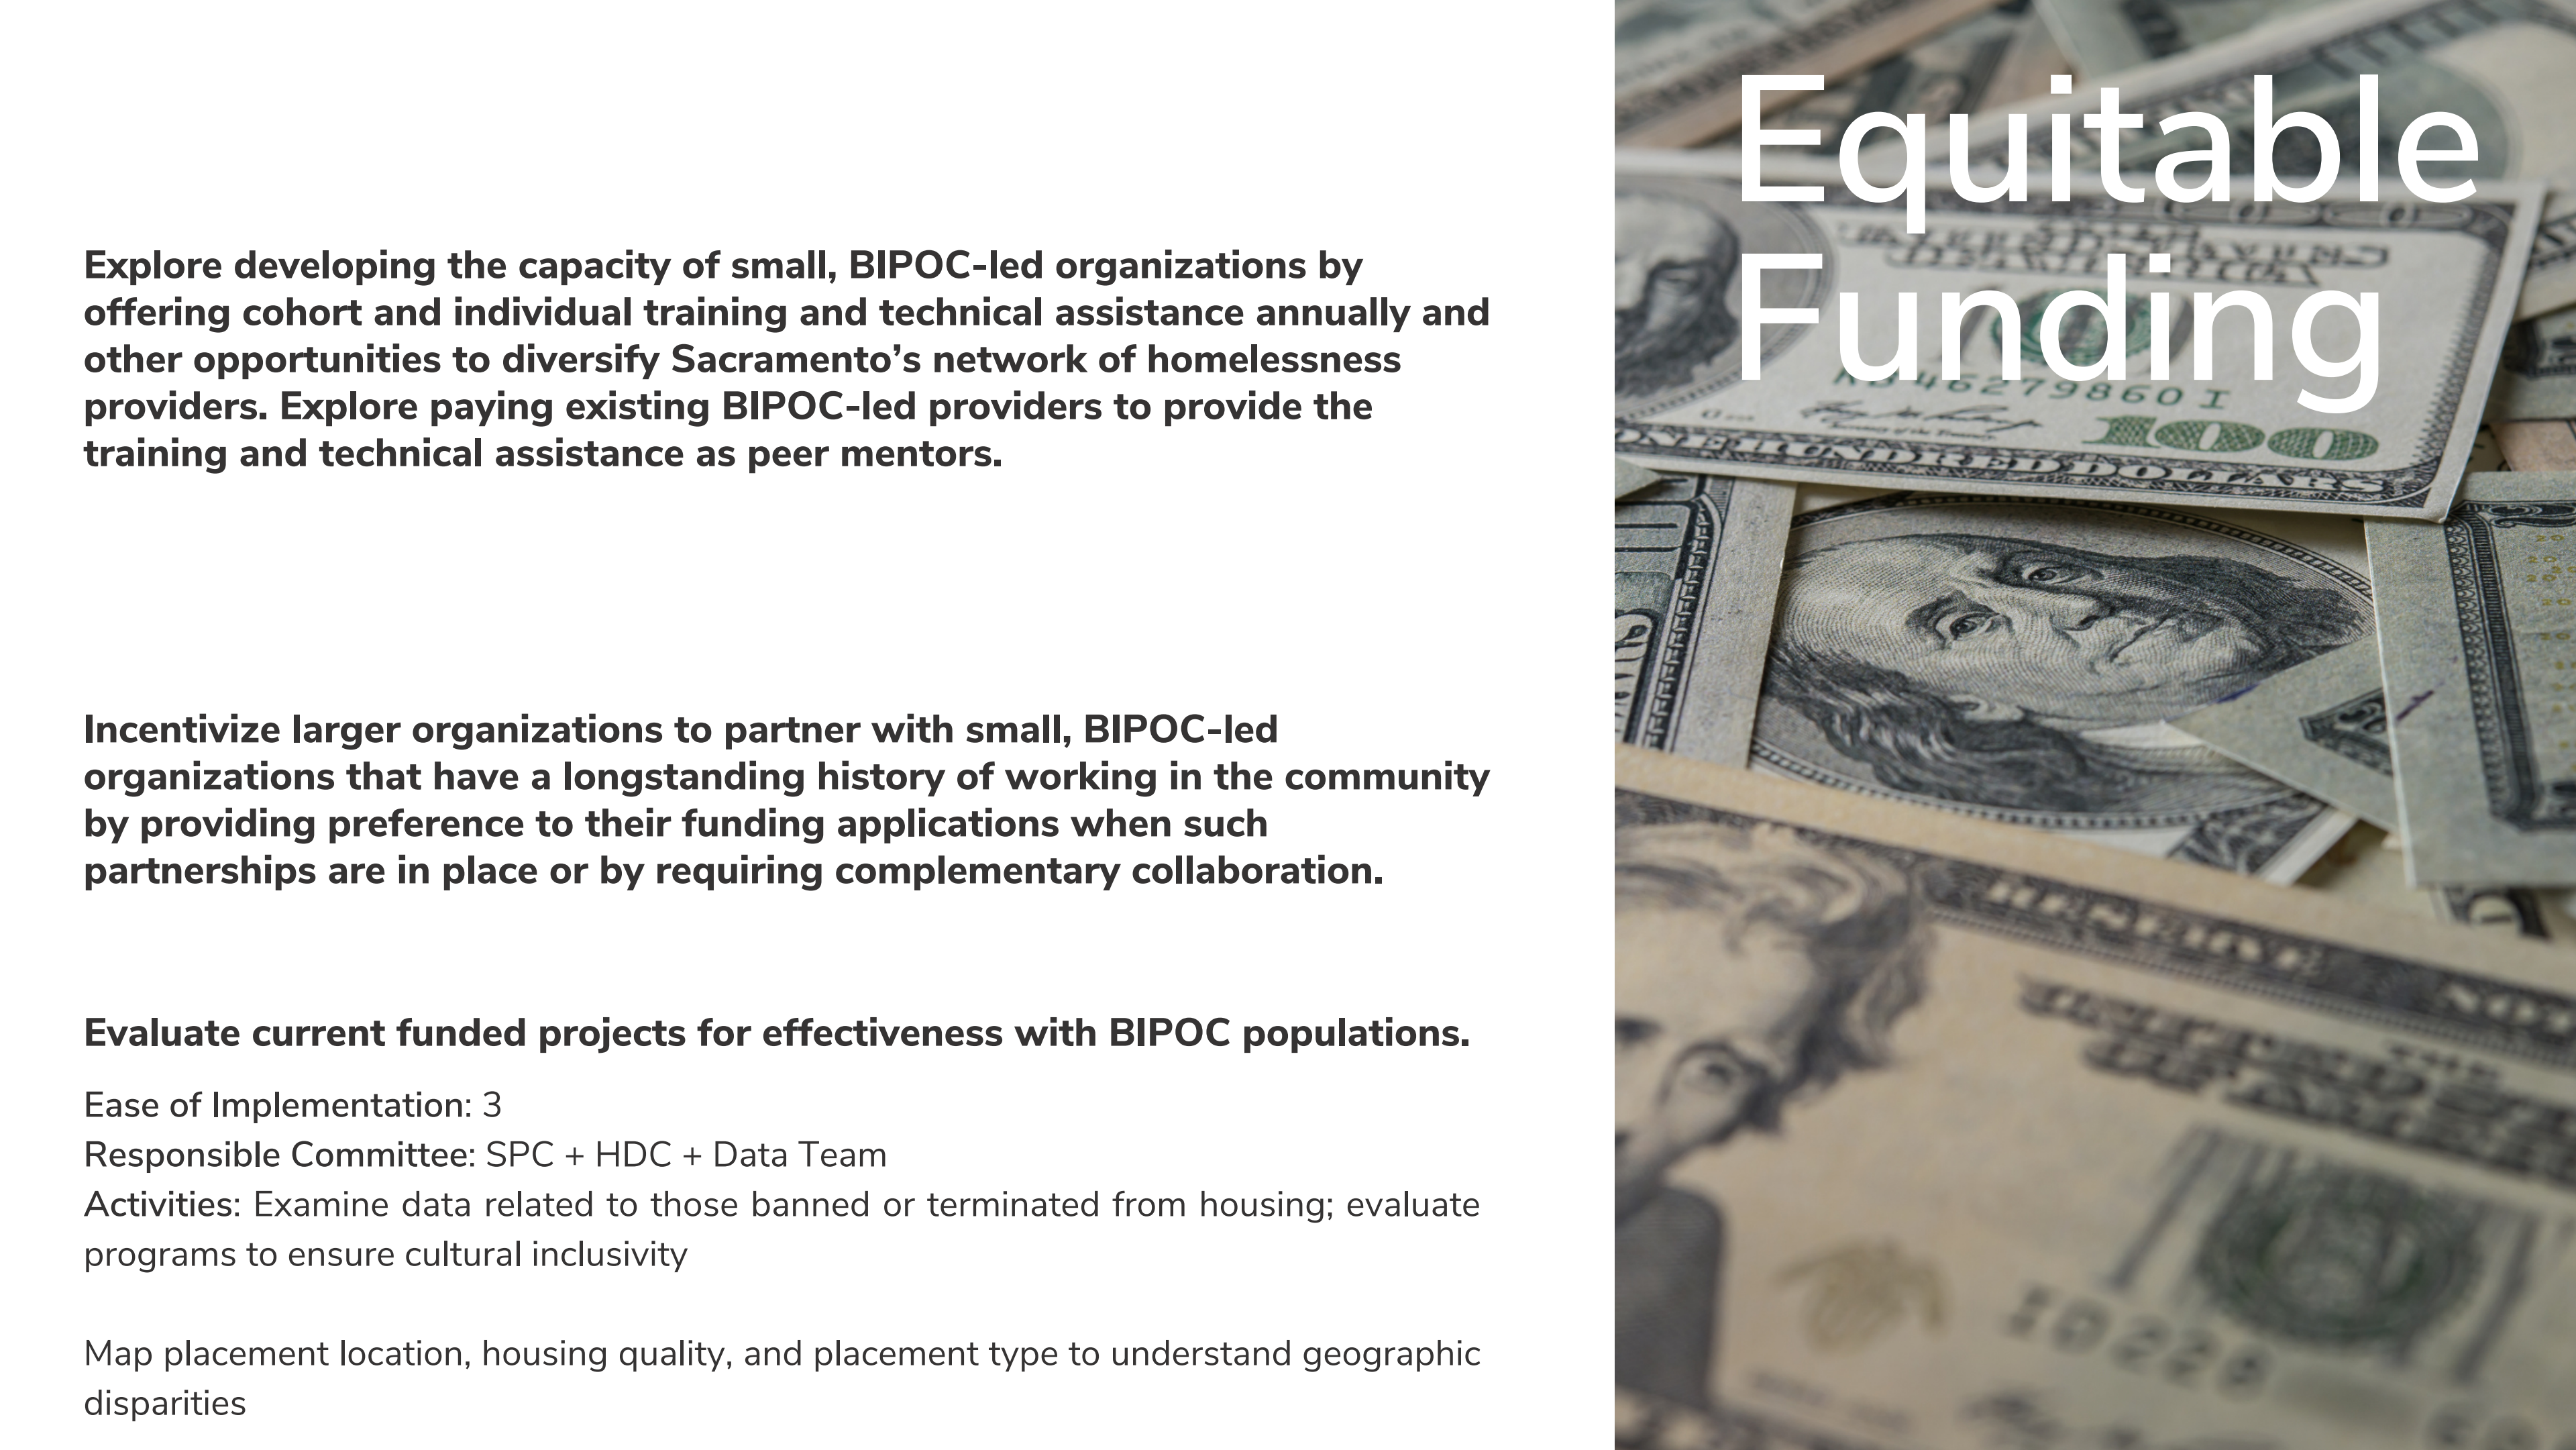

Funding for free and ongoing access to realtime translation and interpreting services for providers and programs without bilingual and multilingual staff

Ensure all documents that are provided to clients are able to be read at a 4th-5th grade level

Include accessibility statements on all outreach materials/brochures that includes who to reach out to if someone needs accommodations

The background of the slide is a close-up, slightly blurred image of several US dollar bills. A \$100 bill is prominent in the center, showing the portrait of Benjamin Franklin. Other bills, including a \$20 bill, are visible in the foreground and background, creating a sense of depth and texture. The lighting is soft, highlighting the intricate details of the currency.

Equitable Funding

Explore developing the capacity of small, BIPOC-led organizations by offering cohort and individual training and technical assistance annually and other opportunities to diversify Sacramento's network of homelessness providers. Explore paying existing BIPOC-led providers to provide the training and technical assistance as peer mentors.

Incentivize larger organizations to partner with small, BIPOC-led organizations that have a longstanding history of working in the community by providing preference to their funding applications when such partnerships are in place or by requiring complementary collaboration.

Evaluate current funded projects for effectiveness with BIPOC populations.

Ease of Implementation: 3

Responsible Committee: SPC + HDC + Data Team

Activities: Examine data related to those banned or terminated from housing; evaluate programs to ensure cultural inclusivity

Map placement location, housing quality, and placement type to understand geographic disparities

Partnerships

Offer formal support and allyship to Wilton Rancheria in the creation and sustainability of a CoC.

Ease of Implementation: 1

Activities: Establish connection with Wilton Rancheria

Conduct outreach into the community to develop a more comprehensive database of organizations and institutions that could aid the efforts of the CoC.

Ease of Implementation: 1

Responsible Committees: REQC, PRC, +Volunteer Network

Activities: Built database with community input

Increase cross-sector collaboration with housing, workforce, health care, corrections, education, and child welfare

Establish a workgroup to learn from other communities that have established data-sharing agreements among multiple systems and provide case management to determine the feasibility of replicating this type of transition coordination in Sacramento.

Ease of Implementation: 2

Responsible Committee: REQC, HDC, Volunteer Network, YAB, + Advocates

Activities: Create workgroup and include members of "feeder systems" to identify opportunities for data sharing and standardization

Convene leaders and database administrators to discuss opportunities to standardize data collection and reporting, reduce duplicative data entry across systems, and explore potential for future data sharing

Ease of Implementation: 3

Responsible Committee: HDS

Activities: Build a data sharing system that is comprised of: a) Technical infrastructure that allows secure data transfer between SSF and its data sharing partners, b) A data sharing agreement template so that SSF can quickly and easily establish legal and binding agreements with its partners, and c) Tools to perform external data integration into HMIS.

Identify the scope of the data quality issues in HMIS and communicate them with the operators/ providers. Log this communication to get a clearer understanding of the effectiveness of current interventions.

Ease of Implementation: 1

Responsible Committee: HDS

Activities: Evaluate data quality and data management.

Expand training and education for the providers at management and data entry levels, making sure the training curricula are themselves easy to understand and follow.

Ease of Implementation: 1

Responsible Committees: HDS + REQ

Activities: Evaluate current training. Create new training processes and materials or modify existing training as needed

HMIS

HMIS

Consider funding a diverse team of resource specialists to provide intensive hands-on coaching with current and potential HMIS users to increase their comfort and success with inputting and accessing HMIS data.

Ease of Implementation: 2

Responsible Committee: HDS

Activities: Develop and create a funding plan.

Analyze the most common HMIS errors and user frustration components

Recruit and train the resource specialists

Individuals who are serving as volunteers or staff for BIPOC-led and BIPOC-serving organizations should specifically be outreached to receive this HMIS support.

Ease of Implementation: 1

Responsible Committees: HDS + REQC

Activities: Conduct outreach to offer hands-on coaching and evaluate coaching effectiveness

Coordinated Entry System (CES) 101

Peter Bell, Coordinated Entry System Manager

Topics to Cover

1. What is and isn't Coordinated Entry?
2. The Core Elements of Coordinated Entry (CE)
3. Adaptability
4. Why use Coordinated Entry?

What is Coordinated Entry?

“Coordinated entry is a process for assessing the vulnerability of all people experiencing homelessness within the CoC to prioritize those most in need of assistance for available housing and services.”

CES goals:

1. To increase the efficiency of the local crisis response system.
2. Improve fairness in how housing and services are allocated.
3. Facilitate rapid access to housing and services.

What Isn't Coordinated Entry?

- First come, first served
- Back-door or side-door referral processes
- Closed referral system
- Opaque processes

Five Essential Elements of Coordinated Entry

1. Access
2. Assessment
3. Problem-Solving
4. Prioritization
5. Referral

Comprehensive Assessment

5.

1. ACCESS

The engagement point for persons experiencing a housing crisis
In Sac, clients access the CES via 36 different “Access Points”

- 2-1-1
- Outreach Navigators
- Drop-in Centers and DHA offices
- Emergency Shelters
- Prevention programs

2. ASSESSMENT

CoC providers associated with coordinated entry begin assessing the person's housing needs, preferences, and vulnerability.

Phased Assessments:

- Safety & Security
- Shelter Survey
- Problem-Solving
- VI-SPDAT

Housing Problem Solving

4. Prioritization

During assessment, the person's needs and level of vulnerability may be documented for purposes of determining Prioritization.

Prioritization helps the CoC manage its inventory of community housing resources and services, ensuring that those persons with the greatest need and vulnerability receive the supports they need to resolve their housing crisis.

5. REFERRAL

3 Lists:

- **By-Name List** - All people experiencing homelessness
- **Community Queue** - VI-SPDAT and “active”
- **Priority List** aka “HOT sheet”
 - Top 50-100 most vulnerable clients
 - There can be multiple HOT sheets based on eligibility
 - Majority of referrals originate from a HOT sheet

5. Referral Adaptability

Other considerations:

- Types of housing (shared, roommates, site-based, scattered, etc.)
- Non CoC Housing / funding source:
 - Behavioral health
 - Property Management
- Additional eligibility factors (not CoC funded)
 - Additional application process
 - Subpopulation restricted (TAY, veteran, families)

Adaptability cont.

Tools to assist with making successful referrals:

- Case Conferencing
- Phased Assessments
- HMIS Data
- Low-barrier Approach
- Data-Informed Decision Making (COVID prioritization)
- Client-Voice / Provider Voice - “We want to know how we can improve!”

Racial Inequities

- System-wide issue
 - Blacks/African Americans are 3x more likely to experience homelessness
 - American Indian/Alaskan Native are 4x more likely to experience homelessness
- Barriers to receiving services
 - Multiracial, American Indian/Alaska Native, or Native Hawaiian/Pacific Islanders are less likely to receive homeless-related services
- Disparities in VI-SPDAT scoring
- Housing placements

Ensuring Racial Equity in the CES

Collect data to show the story

- Demographic data of assessors and leadership
- VI-SPDAT data and breakdown by question
- Qualitative data

Develop key performance measures informed by the data

- REQC and CESC goals
- System strategies, including data collection and housing-problem solving

Ensuring Racial Equity in the CES

Provide learning opportunities

- Community conversations
- Racial equity, implicit bias, cultural humility workshop series
- Discussions with leadership

Increase accessibility

- Materials available in multiple languages
- Documents assessed for readability

Why Use Coordinated Entry?

- An equitable approach to ending homelessness
- Adaptable to rapidly shifting landscapes
- Flexible use within a variety of housing types and funding sources
- Transparent referrals/data and decision making
- Network of service providers
- Community-wide training opportunities
- Client-centered
- Emerging trends support the use of CE
