

Local Homeless Action Plan

Developed in partnership with the City of Sacramento, Sacramento County, Sacramento Continuum of Care, and the Sacramento Housing and Redevelopment Agency

Strategies to Achieve Change

The local homeless action plan is comprised of five core strategies that represent essential components to build an effective and coordinated homelessness response system with capacity to move the needle and make homelessness rare, brief, and non-recurring within the Sacramento community. Each strategy is supported by sub-strategies to provide additional strategic direction.

1 Build and Scale a Coordinated Access System
Centralized access to homeless and rehousing services across a variety of geographically and virtual access points.

2 Ensure Emergency Shelter and Interim Housing is Focused on Rehousing
Develop additional units (congregate and new non-congregate) of flexible, emergency shelter and interim housing that focuses on permanent housing.

3 Increase Permanent Housing Opportunities
Expand housing opportunities and capacity dedicated to meet the rehousing needs of persons experiencing homelessness.

4 Expand Prevention and Diversion Programs
Prevent at-risk households from falling into homelessness and/or divert from entry into the homeless response system.

5 Invest in Community Capacity-Building and Training
Attract and retain a robust and diverse workforce to deliver homelessness services across the response system.

One strategic plan outlining the countywide approach to ending homelessness in the Sacramento region that is:

- ✓ Actionable
- ✓ Results Oriented
- ✓ Roadmap for Future Funding

Implementation of this plan is supported by guiding principles and includes a commitment to racial equity, inclusion of partners with lived expertise, improved data collection, a person-centered, trauma-informed county-wide response system, which provides access to immediate and on-going supportive service needs (i.e. mental health, substance use, housing retention), and continuation of collaborative planning and decision-making across jurisdictions.
