HHAP-3 Discussion
Gaps Analysis and Action Plan Strategies
~ 45% are unsheltered (1 or more days) and do not or cannot access shelter
~ 66% access homeless assistance (outreach, shelter, re-housing, etc.)
~ 23% are adults and children in family households
~ 39% are Black and African American, significantly over-represented
~ 54% have one or more several and persistent disabling condition:
  o One out of five report having several mental illness
  o One out of ten report having substance use disorder
  o One out of four are chronically homeless (disabled and literally homeless for 12 months or more currently or over four episode in three years); most are in adult only households.
Gaps Analysis: A Transformed System

A Transformed System
A transformed system is needed to prevent, respond, and end homelessness for the estimated 16,500 to 20,000 people experiencing homelessness annually in Sacramento. Shifting investments to prevention, diversion, and permanent housing solutions will move us to a community where homelessness is rare, brief, and one-time.*

We can move from this...

Prevent Homelessness
Respond to Homelessness
End Homelessness

...to this!

Prevent Homelessness
Respond to Homelessness
End Homelessness

*Near-term investment in additional shelter capacity is needed but should be flexible to allow for later repurposing/use for housing.
Regional 3-Year System Goals

1. Reduce the number of persons who become homeless for the first time
2. Increase the number of people exiting homelessness into permanent housing
3. Reduce the length of time persons remain homeless
4. Reduce the number of persons who return to homelessness after exiting homelessness to permanent housing
5. Increase successful placements from street outreach
Sacramento Local Homeless Action Plan

Strategies to Achieve Change

The local homeless action plan is comprised of five core strategies that represent essential components to build an effective and coordinated homelessness response system with capacity to move the needle and make homelessness rare, brief, and non-recurring within the Sacramento community. Each strategy is supported by sub-strategies to provide additional strategic direction.

1. **Build and Scale a Coordinated Access System**
   - Centralized access to homeless and rehousing services across a variety of geographically and virtual access points.

2. **Ensure Emergency Shelter and Interim Housing is Focused on Rehousing**
   - Develop additional units (congregate and new non-congregate) of flexible, emergency shelter and interim housing that focuses on permanent housing.

3. **Increase Permanent Housing Opportunities**
   - Expand housing opportunities and capacity dedicated to meet the rehousing needs of persons experiencing homelessness.

4. **Expand Prevention and Diversion Programs**
   - Prevent at-risk households from falling into homelessness and/or divert from entry into the homeless response system.

5. **Invest in Community Capacity-Building and Training**
   - Attract and retain a robust and diverse workforce to deliver homelessness services across the response system.
One strategic plan outlining the countywide approach to ending homelessness in the Sacramento region that is:

- **Actionable**
- **Results Oriented**
- **Roadmap for Future Funding**

Implementation of this plan is supported by guiding principles and includes a commitment to racial equity, inclusion of partners with lived expertise, improved data collection, a person-centered, trauma-informed county-wide response system, which provides access to immediate and on-going supportive service needs (i.e. mental health, substance use, housing retention), and continuation of collaborative planning and decision-making across jurisdictions.
Action Plan Strategies

1. Build and Scale a Coordinated Access System

   Centralized access to homeless and rehousing services across a variety of geographically and virtual access points.

   **Sub Strategy 1.a** Increase targeted participation in homeless crisis response services

   **Sub Strategy 1.b** Grow and embed problem solving and diversion in all system access sites, safe grounds, respite centers, and emergency shelters

   **Sub Strategy 1.c** Provide Comprehensive and Aligned Regional Outreach

2. Ensure Emergency Shelter and Interim Housing is Focused on Rehousing

   Develop additional units (congregate and new non-congregate) of flexible, emergency shelter and interim housing that focuses on permanent housing solutions for clients.

   **Sub Strategy 2.a** Align the cities and County’s current and emerging shelter and interim housing programs with the Coordinated Access System to increase regional access and occupancy of available units

   **Sub Strategy 2.b** Increase permanent housing exits across all emergency shelter & interim housing programs
Action Plan Strategies

3. Increase Permanent Housing Opportunities

*Expand housing opportunities and capacity dedicated to meet the rehousing needs of persons experiencing homelessness*

**Sub Strategy 3.a** Increase rehousing assistance and improve access to existing and new units in market and subsidized programs

**Sub Strategy 3.b** Increase the stock of permanent supportive housing units and other dedicated affordable housing units for people experiencing homelessness

**Sub Strategy 3.c** Develop a regional landlord engagement partnership program to increase the number of units available in the market that will work with all homeless rehousing programs

4. Expand Prevention and Diversion Programs

*Prevent at-risk households from falling into homelessness and/or divert from entry into the homeless response system.*

**Sub Strategy 4.a** Coordinate and leverage prevention resources across jurisdictions to connect households at imminent risk to stabilization resources and avoid literal homelessness

**Sub Strategy 4.b** Scale existing prevention and diversion programs into a region-wide rehousing program
Invest in Community Capacity-Building and Training

Attract and retain a robust and diverse workforce to deliver homelessness services across the regional response system.

**Sub Strategy 5.a** Create an inclusive & supportive working environment to retain the current workforce and attract new staff from historically under-resourced communities and partners with lived expertise.

**Sub Strategy 5.b** Increase community stakeholder support for regional homelessness activities through increased engagement.
**Action Plan Next Steps**

**June:** Approval of Action Plan at the sub-strategy level and HHAP-3 required tables by governing bodies

**Summer 2022:** Development of year one actions/activities to implement Action plan

**On-going:** Regular updates on action plan implementation and tracking of outcome goals

Goals for Underserved Populations and Populations Disproportionately Impacted by Homelessness

- HHAP-3 application includes identifying focused outcomes for underserved populations and populations disproportionately impacted by homelessness
- Using the approved Racial Equity Plan as starting point
- CoC’s Racial Equity Committee directed focus on Black/African American to match the general outcomes, except for returns to homelessness, which will focus on American Indian or Native Alaskan
