

### **Move On Vouchers**

SACRAMENTO STEPS FORWARD

October 2020

Ending Homelessness. Starting Fresh.

**Description:** Housing Choice Vouchers (HCV) are available to families and individuals ("candidates") who no longer need intensive services but still need affordable housing. During the first phase of implementing the *Move On* program, candidates could "graduate" from any of the nine Continuum of Care (CoC) - Permanent Supportive Housing Programs to a HCV with a referral from their service agency\*.

**Referral criteria:** The service agency submits a referral form to SHRA stating that the candidate:

- 1) has been in compliance with their service plan for the past 24 months;
- 2) has consistently paid monthly rent and utilities for the past 24 months or more;
- 3) has not had lease violations for the past consecutive 12 months. Priority will be given to candidates who can verify that they can lease in place. The success of these *Move On* candidates to utilize the voucher to obtain stable housing will influence the ability of their referring service agency to participate in the following year.

### **Benefits:**

By "graduating" a program participant, the referring agency is now able to serve another individual or family through Coordinated Entry to move out of homelessness.

**Finding a new unit:** Once SHRA determines the candidate is eligible and issues a voucher, the service agency will assist him/her/they in finding a new residence where the voucher can be utilized. The service agency will ensure that the candidate does not become homeless during this transition. If an acceptable unit cannot be found, or the candidate chooses not to proceed, he/she/they will remain a participant in the referring program and nothing changes. The candidate cannot change their mind after signing the new lease in the *Move On* program. Only when the candidate has leased a unit will he/she/they be considered a "graduate" from the program.

### Scope:

A referring service agency can have no more than 3 candidates looking for a unit at a time. This is to ensure that candidates with a voucher become successful before assisting an additional candidate.
