09:47:43 From ka vang to Everyone:

someone I know has been homeless since covid. due to covid. they've worked since 16 and now 40. always paid her taxes and never on welfare. how do we help those?

09:49:44 From Lisa Bates (She/Her) - SSF to Everyone:

This will move us to thinking about optimizing the system, creating efficiencies and reviewing opportunities to increase performance

09:53:45 From ka vang to Everyone:

to all or to those whom been homeless? what I think is that most homelessness is do to mental illness. How about those in need of help to stay off the street. living paycheck to paycheck?

09:56:41 From Danielle Foster to Everyone:  
Erin--let us know how the City of Sacramento can help with your efforts re PSH and CalAIM changes at the state

09:57:41 From ka vang to Everyone:  
true. ty for certifying that but as we see now everyone is mentally ill

09:58:11 From ka vang to Everyone:  
correct better way of saying it thank you

09:58:58 From ka vang to Everyone:  
how do we help those you speck of that are going through divorce?

10:00:22 From Monica Rocha-Wyatt, she/her, Sac Co Behavioral Health to Everyone:  
I would refer them to legal services and homeless prevention services, calling 211 always a good place to start.

10:02:36 From ka vang to Everyone:  
they've been there and DDCS know their situation

10:03:26 From Monica Rocha-Wyatt, she/her, Sac Co Behavioral Health to Everyone:  
The experience of homelessness in itself is traumatizing. It's the chicken or egg question. Did mental illness cause homelessness or did homelessness cause mental illness?

10:04:38 From Amani Sawires -VOA to Everyone:  
Always very informative data in very digestible presentations Tom. Thank you.

10:04:51 From Tom Albanese to Everyone:  
Thanks Amani!

10:08:35 From ka vang to Everyone:

I can see all points. For me I feel is most heartbreaking is the mental illness. However I understand all situation. I'm wondering how to proceed with a certain situation for this person?

10:09:17 From Monica Rocha-Wyatt, she/her, Sac Co Behavioral Health to Everyone:  
brb

10:10:51 From angela Drake UCDH she/her to Everyone:  
I have a data comment related to the rates of mental health issues. Is there any way information or questions about cognitive disabilities? If that isn't currently included it would be important to do so!

back

10:12:07 From angela Drake UCDH she/her to Everyone:  
Cognitive impairments are both a risk factor for becoming homeless and unfortunately a common consequence of being homeless. Happy to discuss further if folks are interested

10:12:37 From Tom Albanese to Everyone:  
Angela - great question. The PIT count report does report on cognitive disabilities and TBI (self-reported). We don't have that same data in HMIS for those engaged in services, unfortunately.

10:31:21 From Monica Rocha-Wyatt, she/her, Sac Co Behavioral Health to Everyone:  
I am afraid I have to leave at 10:30 for an urgent meeting. I hope there is consideration for investment in temporary/transitional housing for persons experiencing homeless being discharged from hospitals.

10:39:52 From Danielle Foster to Everyone:

\$10M seems like a low number--would it be matched with other funds?

10:40:31 From Erin Johansen to Everyone:

\$10m does not seem adequate to buy and rehab a motel. Do you have evidence that this can be done?

10:42:26 From aosterhout to Everyone:

I got to go, thank you!

10:42:43 From Jenine Spotnitz, Department of Health Services to Everyone:

Yes great points, we would likely need to seek/match with additional funding for this.

10:43:17 From Danielle Foster to Everyone:

Would referrals to a non-congregate site be through CAS?

10:45:59 From Emily Halcon to Everyone:

@Danielle, I think we would need to work with the MCPs on referrals, and integration with CAS as authorization for community supports are through them.

10:46:35 From Amani Sawires -VOA to Everyone:

1. Social Health Information Exchange

10:46:47 From Amani Sawires -VOA to Everyone:

2. Street Medicine

10:47:26 From Erin Johansen to Everyone:

1. agree, Social Health Information Exchange with the caveat that it is built with TRUE integration capacity to avoid dual (and more) entry.

10:48:15 From Danielle Foster to Everyone:

Agree with the comments on the Social Health Information Exchange. It would be great if systems can talk to each other so that we can better support clients--without duplicating efforts!

10:48:37 From Amani Sawires -VOA to Everyone:

Yes to everything Angela has said!! Totally agree

10:48:53 From Dawn Basciano to Everyone:

1: Robust social health data sharing - but hard conversations around this must be had, agreed w/avoided duplicated efforts

10:49:24 From Danielle Foster to Everyone:

SHIE- Improving our real-time data and knowledge of client needs is critical

10:50:36 From Sher Singh NFBPWC Pronouns she/her/hers to Everyone:

For me it's the Landlord engagement? What is the percentage of landlords open to work with you? I have worked HUD in NY

10:51:29 From Emily Halcon to Everyone:

@Danielle and Sher, yes the LEAP includes funding and staffing for sustaining relationships with landlords, including financial incentives

10:53:33 From Danielle Foster to Everyone:

Also, as we do landlord engagement, important all relevant partners are engaged, including the important role of the Housing Authority in this work

10:54:04 From Sher Singh NFBPWC Pronouns she/her/hers to Everyone:

@Danielle I agree

10:54:25 From Emily Halcon to Everyone:

@ Danielle, we are working closely with SHRA, CoC and others!

10:54:26 From Kristin Kane, Kaiser Permanente to Everyone:

I agree with you, Amber.

10:54:44 From Danielle Foster to Everyone:

I apologize--I have to run to another meeting. Thank you MCPs for this conversation--looking forward to additional discussion

10:54:54 From Dawn Basciano to Everyone:

@ Emily What does developing and fostering those relationships look like? Any guidance we can review on this approach??

10:56:08 From Emily Halcon to Everyone:

Exactly what Erin is describing is what we are trying to level out with LEAP!

10:56:29 From Emily Halcon to Everyone:

@Dawn - we will share the RFP with everyone once it is complete with this group

10:57:24 From tahirih to Everyone:

A lot to process. Thank you

10:57:41 From Amani Sawires -VOA to Everyone:

good meeting. I have to go to my next one. thanks for a good discussion

# **Continuum of Care Notice of Funding Opportunity (CoC NOFO) Consolidated Application Drafting Process**

Systems Performance Committee  
Sacramento CoC

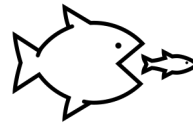

# Chat Poll

*How would you describe your understanding of the CoC NOFO competition?*

**1**

I'm brand new to this topic.

**3**

I've heard about this before, but my understanding is basic.

**5**

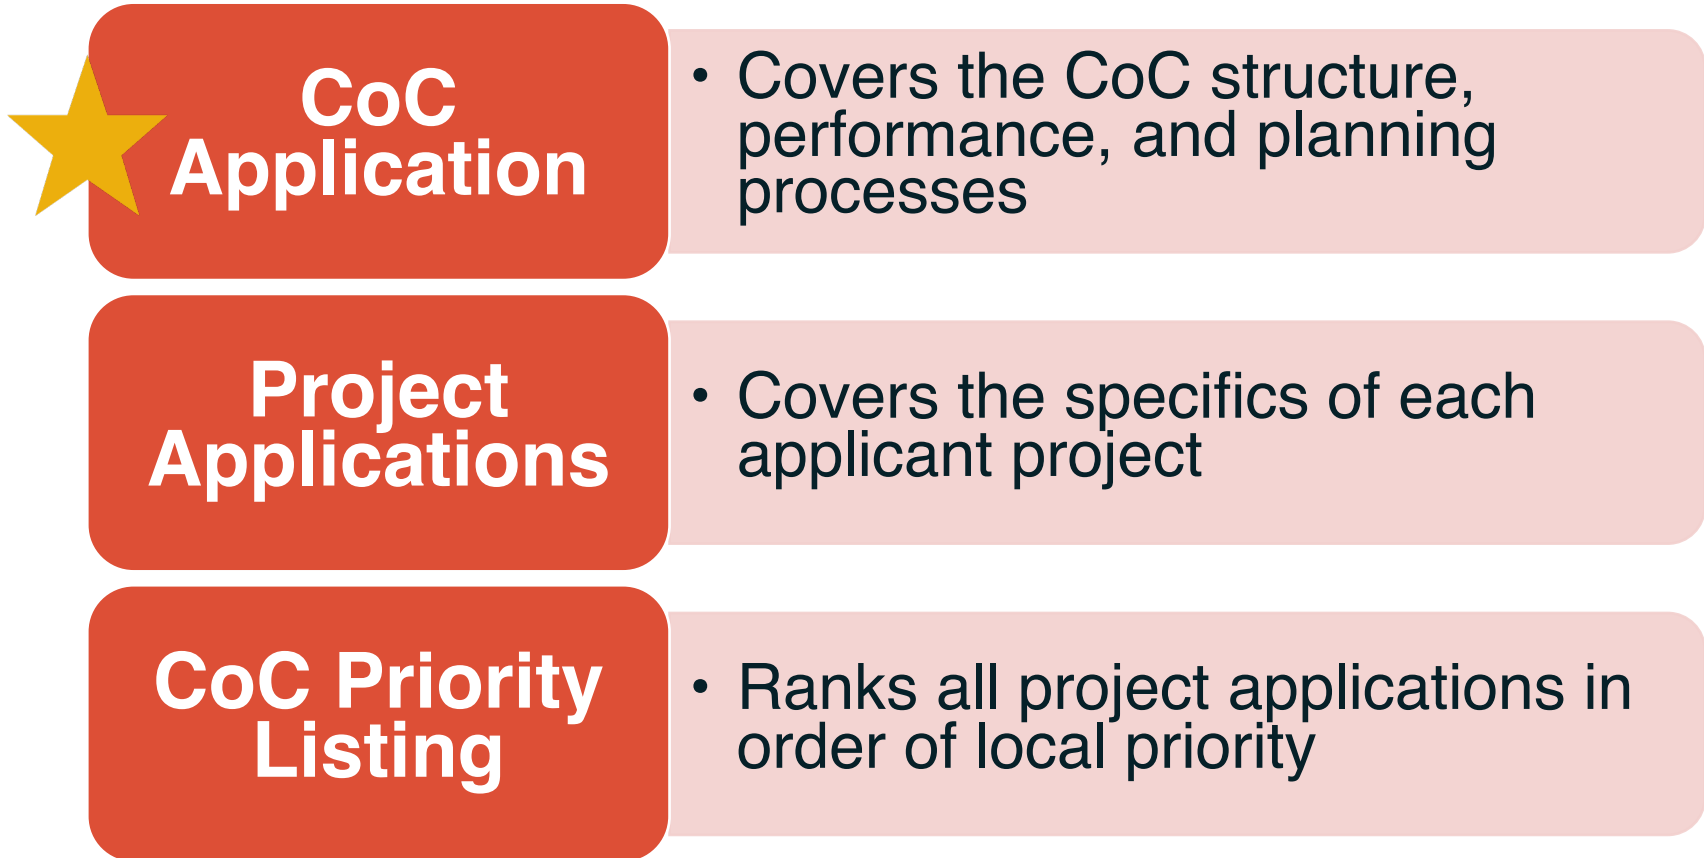

I'm well versed in this topic.

# 2022 HUD CoC NOFO

- On August 1<sup>st</sup>, the U.S. Department of Housing and Urban Development (HUD) released a Notice of Funding Opportunity (NOFO), signifying the beginning of a funding competition among approximately 450 Continuums of Care (CoC).
- In Sacramento, the CoC NOFO includes funding for:
  - Tier 1: \$27,475,948
  - Tier 2: \$1,460,839
  - DV Bonus Funding: \$908,687
  - CoC Planning: \$867,661
- Can be used for permanent supportive housing, rapid re-housing, joint transitional housing rapid re-housing, supportive services only – Coordinated Entry, homeless management information system, and planning funding
- Each community is required to submit a Consolidated Application.

# Consolidated Application

# What does the CoC Consolidated Application include?

- The CoC Consolidated Application is made up of three parts:
  1. **CoC Application** provides information about the CoC planning body, governance structure, overall performance, and the strategic planning process.
  2. Project Applications are completed in e-snaps by agencies applying for projects.
  3. CoC Priority Listing ranks all project applications in order of priority.
- The CoC Application includes four parts:
  1. Continuum of Care
  2. **Data Collection**
  3. Other Policies
  4. DV Bonus & Attachments

# Why does our CoC application score matter?

- Each project in Tier 2 is scored using a 100-point scale:
  - **CoC Score.** Up to 50 of 100 points will be awarded in direct proportion to the score received on the CoC Application.
  - ★ **CoC Project Ranking.** Up to 40 of 100 points will be assigned directly related to the CoC's ranking of projects.
  - **Commitment to Housing First.** Up to 10 points based on the project application's commitment to follow a housing first approach that that prioritizes rapid placement and stabilization in permanent housing that does not have service participation requirements or preconditions (such as sobriety or a minimum income threshold).
- New DV Bonus projects are also dependent on the CoC application
  - CoC Score (50 pts), CoC Collaboration With Victim Service Providers (10 pts), Need for the Project (10 pts), Quality of the Project Applicant Experience (15 pts), Demonstration of inclusion of victim-centered practices (8 pts), Demonstration of plan to include survivors with lived expertise (7 pts)
