# Land Acknowledgment

## LAND ACKNOWLEDGEMENT

We wish to acknowledge that Sacramento is the homeland of the Southern Maidu, Valley and Plains Miwok, the Nisenan people, the Patwin Wintun people, and members of the Wilton Rancheria Tribes, who have inhabited this landscape since time immemorial.

We extend our gratitude to the ancestors of all California Native American Tribes and their descendants, as we recognize that wherever we are joining from in our virtual community, we are all on California Native American land.

We recognize the system inequities created by the negative impacts of colonization, past and present. We stand committed to dismantle ongoing legacies of oppression that have dispossessed California Native Americans of their lands and denied their rights to self-determination.

*Written by the Wilton Rancheria Tribe*

# Engagement Agreements Part 1

# **Regionally Coordinated Homelessness Action Plan (RCHAP)**

# Background + Context

*All In Sacramento*

Is a region-wide  
approach to...

Update the local homelessness action plan (LHAP)

Adopt a region-wide commitment and path to addressing and ending homelessness.

# Background + Context

## Building upon past planning efforts to make updates for the next iteration of Sacramento's plan to address homelessness:

In Dec, we launched a **series of workshops** to gather input

We are **engaging in a critical review** process of current efforts

Identifying and addressing **known gaps and thoughtful refinements** to the current plan

Setting a **clear and achievable path** to preventing and ending homelessness in the region

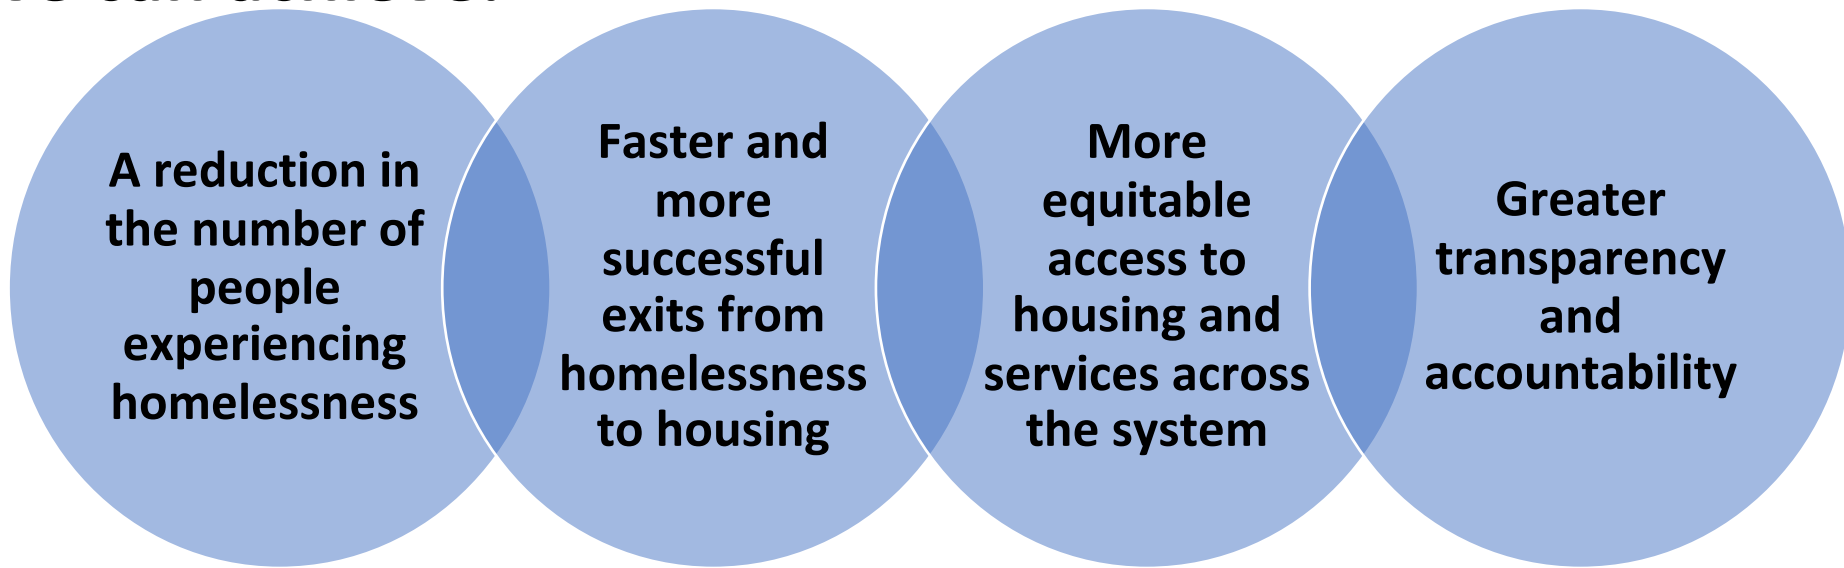

With a **comprehensive framework** for measuring progress

# The Goal

## Improve and build upon the progress made under Local Homeless Action Plan (LHAP) to:

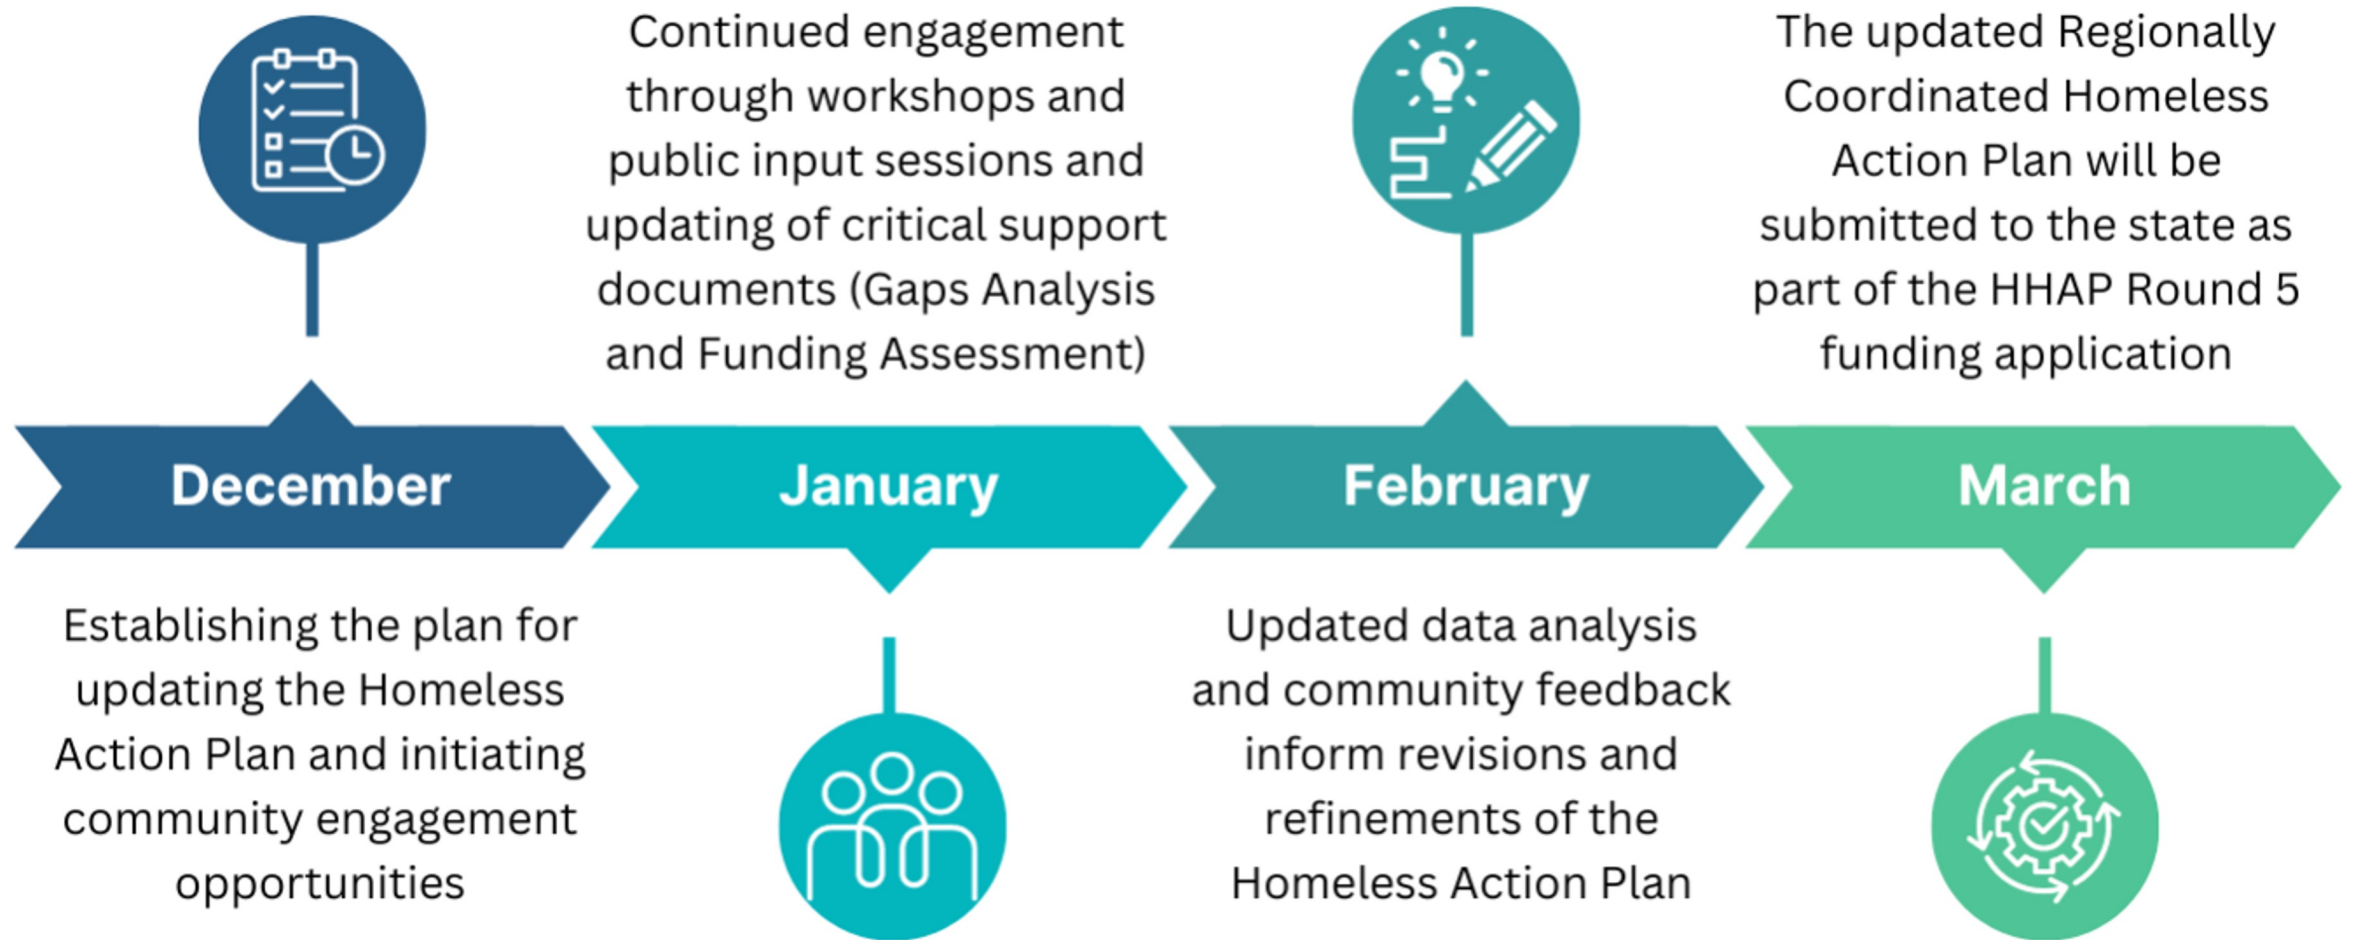

- Secure crucial Homeless Housing, Assistance and Prevention (HHAP) state funding
- Further develop and scale up impactful, county-wide solutions

## So that we can achieve:

# The Timeline

**Current Plan:  
Local Homelessness Action  
Plan (LHAP)**

# VISION

Homelessness in Sacramento is rare, brief, and non-recurring

Person-centered, trauma-informed regional response system

SOLUTIONS

1. Build and scale a regional Coordinated Access System (CAS)

2. Ensure current and new emergency shelter and interim housing is focused on rehousing

3. Increase permanent housing opportunities

4. Expand prevention and diversion resources

5. Invest in community and service delivery capacity-building and training

6. Ensure adequate behavioral health services

# FOUNDATIONS

# System Level Measures

A priority focus and specific targets have been set for two of the system-level measures:

 **15%**

Reduce the number of people experiencing unsheltered homelessness by 15%

 **42%**

Increase the number of people exiting into permanent housing to at least 42%.

Reduce the number of people experiencing homelessness

**Reduce the number of people experiencing unsheltered homelessness**

Reduce the number of people who become homeless for the first time

**Increase the number of people exiting into permanent housing**

Reduce the length of time persons remain homeless

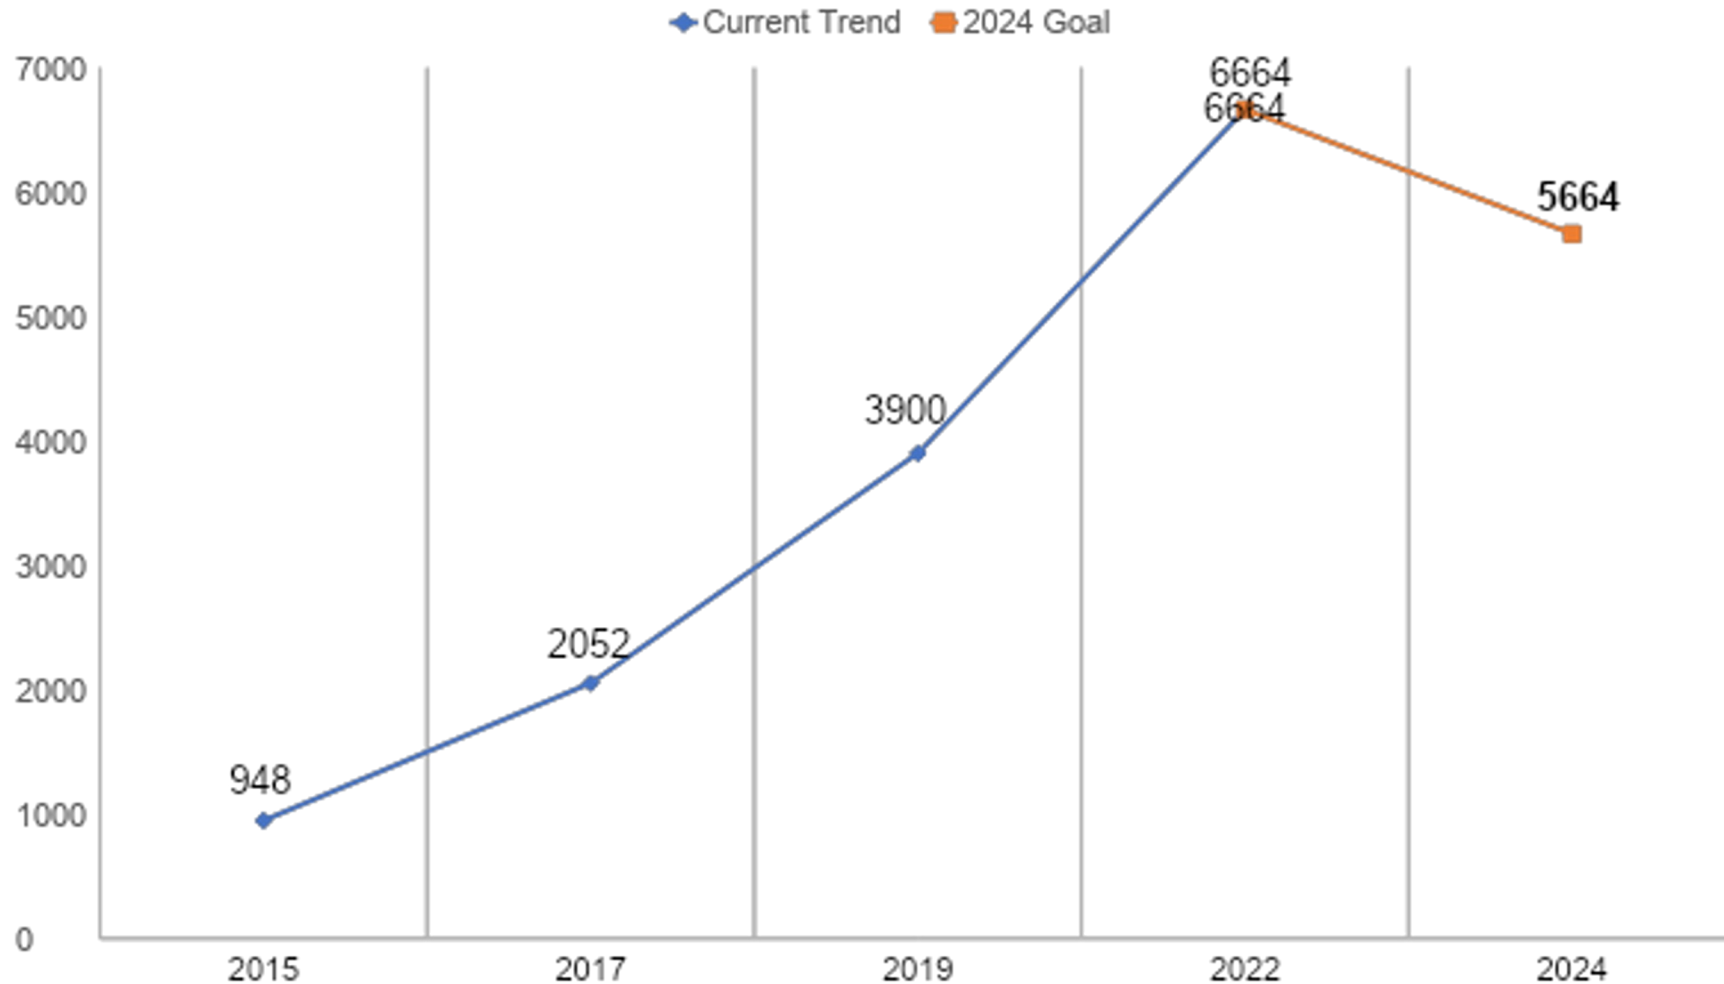

Reduce the number of persons who return to homelessness after housing placement

Increase successful placements from street outreach

# Measurable Target Goal – Unsheltered Homelessness

## Number of People Experiencing Unsheltered Homelessness

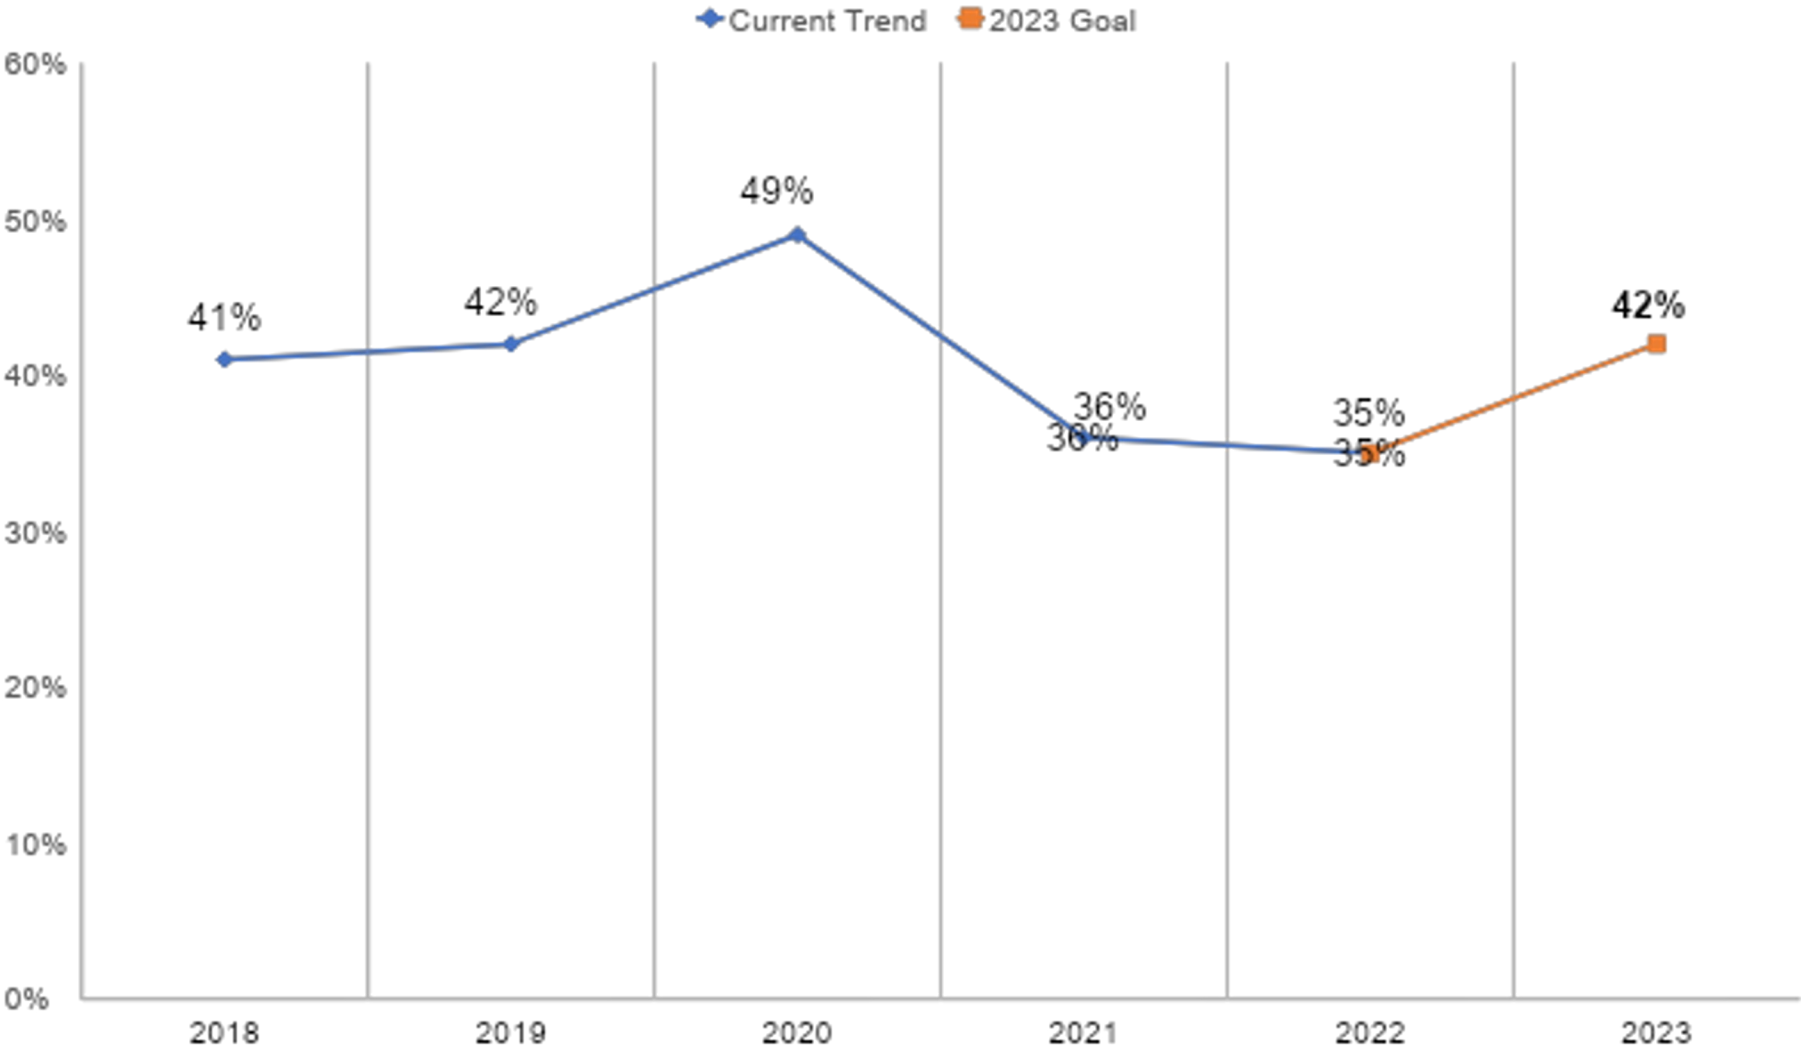

### 2024 Goal:

Decrease by 15%  
(1,000 less people)  
over 2022 PIT  
count

# Measurable Target Goal – Exits to Housing

## Percent of Exits to Permanent Housing

### 2023 Goal:

At least 42% exits to permanent housing (pre-pandemic levels)

# Transformed System

Estimated **ANNUAL** Number of People Who Experience **Literal Homelessness\*** in Sacramento = **16,500 to 20,000**

\*Represents those in emergency/temporary shelter or unsheltered

## Business as Usual

Emphasizes crisis response once a person becomes homeless

Leads to increasing need for shelter and other crisis responses and less capacity to prevent or quickly end homelessness for people.

## Transformed System

Emphasizes targeted prevention, diversion, rehousing and permanent housing assistance, reducing need for crisis services

Leads to less people experiencing homelessness and more people receiving the help they need to quickly end their homelessness and remain housed.

Eliminates or significantly reduces the need for additional emergency shelter capacity.

**The Regionally Coordinated Homelessness Action Plan**

The Regionally Coordinated Homelessness Action Plan (RCHAP) is the next step in our efforts to collaboratively and strategically address homelessness. Building off the progress made under the Local Homeless Action Plan (LHAP), this plan secures crucial Homeless Housing, Assistance, and Prevention (HHAP) state funding and defines impactful, region-wide solutions. If we go All In, we hope to achieve:

- A Reduction in the number of people experiencing homelessness
- Faster pathways to housing and rehousing
- More equitable access to housing and services across the system
- Greater transparency and accountability across the entire system
